XYPSTIX™ : BOOST YOUR HEALTH AND IMMUNE SYSTEM

These convenient single-serve, portable packets contain all the benefits of our antioxidant-rich Super Fruit Global Blend, but with two extra elements: aloe vera and xanthones. XypStix™ (pronounced Zip Sticks) come in convenient, portable, single-serve packets that you can bring with you wherever you go. They contain all the benefits of our powerful Super Fruit Global Blend, but with two additional ingredients: aloe vera and xanthones. With this combination, you can empower your immune system and turn your body into a healthy, antioxidant-infused machine! There's almost two thousand milligrams of high-grade aloe in every packet. In addition, the added phytonutrients – or xanthones – contained in each XypStix may help you maintain your intestinal health, neutralize free radicals, support cartilage and joint function, and promote a healthy respiratory system. Should you use Xyngular's Super Fruit Global Blend or XypStix? The answer is both. Take a few ounces of Super Fruit Global Blend in the morning before you leave home, and take XypStix with you to use throughout your day

XYNG™ : FUEL FOR LIFE

This product is a blend of all-natural ingredients designed to help you achieve your weight loss goals and feel incredible while you do it. XYNG™ is a powerful blend of herbal ingredients, vitamins and minerals that help control your appetite, increase your energy, and create a euphoric feeling of excitement and positive mental energy! Many people feel listless, tired, and stressed out, with not enough time each day to complete what needs to be done let alone time to prepare the nutritious meals that a healthy diet requires. Worse yet, they just grab fast food as a quick solution. XYNG solves all of these problems. XYNG increases your energy and helps you stay more alert and active. Lack of energy is one of the major reasons we don't exercise enough. The basics of losing weight and maintaining a healthy weight is to not only eat less, but also move more. XYNG provides the added boost to get you through your day with enough energy left to do the extras, such as exercise. It's this natural balance that make us feel our best. And the natural energy lifts your mood so that, even if you diet, you feel amazing! XYNG: the all-natural solution to add vitality and FUEL FOR LIFE!

AXION™ : NUTRITIONAL SUPPORT FOR EVERY CELL OF YOUR BODY

AXION™ is a comprehensive, full spectrum, Bi-Layer (sustained release) supplement that provides essential nutritional support for every cell and function of your body, including immune support, cardiovascular support, and metabolism. In addition, it contains essential vitamins, minerals, whole foods, enzymes, omega fatty acids, and probiotics for optimal health and vitality. It's not what you swallow, but what you absorb that counts. That's why our extended release Bi-Layer technology has been developed. When you take regular vitamins, they dissolve too quickly and they get expelled in your urine instead of being fully absorbed. With our two-layer supplement, you get a sustained supply of nutrients. One instant release layer gives your body a kick-start of nutrients. The second layer, which has a specialized coating, releases another dose over a period of several hours. More vitamins are absorbed and less are eliminated. This process is a breakthrough in nutritional technology and could change the way supplements are used, less are eliminated. This is a breakthrough in vitamin absorption and could reshape the AM/PM vitamin world.

SUPER FRUIT GLOBAL BLEND™ : THE TRI-PHASIC APPROACH TO CELLULAR HEALTH

Utilizing the latest nutritional science, Xyngular has created a complete nutritional supplement juice formula. Super Fruit Global Blend™ delivers nutritional support with three major types of nutrients: antioxidant-rich super fruits, critical primary antioxidant promoting nutrients, and an herbal blend of adaptogens. In order to be truly effective in moving our bodies towards total wellness, there needed to be a product that would incorporate a wide variety of powerful nutrients. We combined these ingredients with primary antioxidant precursors and herbal adaptogens to dramatically increase the benefits of our Super Fruit Global Blend. The strategic combination of these fruits, antioxidant precursors, and herbal adaptogens into one product causes a unique, synergistic reaction that multiplies and reinforces the effectiveness of each element. We call this our "triphasic approach" to overall nutritional and physical well-being. So try our Super Fruit Global Blend holistic nutritional supplement – we guarantee you will feel a difference.
